

**SOLUTECH PACKAGING SYSTEMS INC.
MANUFACTURER OF AUTOMATIC STRETCH
WRAPPING SYSTEMS TO INCREASE
PRODUCTIVITY WITH LIMITED FLOOR SPACE.**

HEAVY DUTY, BUILT TO LAST EQUIPMENT !!

**DISTRIBUTION CENTER INCREASED
EFFICIENCIES WITH THE SOLUTECH COMBO
ROTARY TOWER SYSTEMS !!**

***Solutech stretch wrappers can be
adapted to your specific needs !!***

Among the challenges of this application;

- 1) Dual trans-pallet required to drop two loads in line to eliminate load handling and allow both machines to wrap each load at the same time.
- 2) These models also come with automatic film clamp, since this customer had to do some load handling manually. We were able to make the system more competitive by eliminating certain unnecessary elements for this specific customer.

Technicalities

- Dual rotary arm with complete safety fencing and light curtain used to wrap two loads at the same time.
- 80" wrap height
- Ring gear bearing driven, 10 year warranty
- 15 RPM rotation speed

Job well done at a reasonable price !!!
